

## What is the eVisit® app?

The eVisit app lets you connect with your doctor when you need quick, convenient treatment. Skip the trip to the office and video chat your doctor from home, work, or really anywhere. A face-to-face visit with your doctor is only a few clicks away.

## Why patients love eVisit

- Access to your doctor — even when you're out-of-town
- No finding a babysitter or carting the kids along when you need care
- Manage your chronic health conditions from the comfort of your own home
- Refill a prescription without a trip to the doctor
- No commute, no waiting room, no time off work
- Get minor urgent issues treated by your doctor
- Those frequent, 5-minute follow-up appointments can be just that

## Who We Are

At eVisit, our diverse team of experts has one big thing in common: we think getting high-quality medical treatment should be simple. That's why we work round-the-clock to make connecting with your doctor easier.
